 A SCAVENGER HUNT

The **LITTLE THEATRE**
 OF WALLA WALLA

Clue show dates:
 June 2-3, 9-11, 16-18

INSTRUCTIONS

Watch The Little Theater of Walla Walla's social media (Facebook and Instagram) for one new clue to be revealed on these days: May 13, May 14, May 20, May 21, and May 27.

Check here for clues!

Once you interpret the clue that's been revealed that day, go to the location you think is being hinted at and search for two "cards" – a murder weapon and a suspect.

Take advantage of discounts and prizes revealed at each location, which are available to players that day only!

Players mark off on their detective's sheet all three pieces (room, weapon, suspect) that have been eliminated on each reveal day. In the space next to these, players also write the true location of those three pieces within Walla Walla. The scoresheet has six options under each of these categories, so after the 5th clue is given on the last reveal day (Saturday, May 27), your detective's sheet should reveal the true circumstances of the murder.

The location of the "crime" will be confirmed and revealed on social media. Visit this spot in Walla Walla to turn in your detective's sheet for the chance to win free tickets to a performance of CLUE this June! We also encourage players to post with the hashtag #cluesforclueltw as you play along.

(Note: If players cannot participate in the scavenger hunt on each reveal day, they can still visit locations that correspond to clues posted on previous days. Locations hosting the murder weapon and suspect cards will be displaying those cards from their reveal day onward to the last day, May 27).
